**BONUS STAGE**

- **PUNCH, BODY BLOW, KNOCK-OUT PUNCH**
  To Punch, press the A BUTTON. Using the C BUTTON with the A BUTTON makes a BODY BLOW. Pushing A and then C makes a KNOCK-OUT PUNCH which causes considerable damage. Careful! The stronger the punch, the harder it is to connect with your opponent.

- **SUPER ATTACKS**
  Based on various combinations of BUTTON and JOYSTICK movement, your character can use a variety of SUPER ATTACKS. Use these to decrease your SPIRIT gauge. If you have no SPIRIT remaining, you cannot use a SUPER ATTACK.

- **RAZZING**
  Tease your opponent with the B BUTTON. Doing this will decrease the SPIRIT gauge of your opponent. CAUTION! Don't get KO'd while taunting your opponent!

- **DASH**
  Pushing the JOYSTICK forward or backward twice quickly will cause your character to DASH. This is useful to charge or avoid your opponent.

- **KICK, ROCKING, SUPER KICK**
  Pressing the B BUTTON produces the kick. With the C BUTTON, make a ROLLING KICK. Pressing B then C makes the SUPER KICK, giving your opponent a healthy serving of pain and damage. To be effective, though, you must hit your opponent; this isn't easy with this command.

- **RESTORING SPIRIT POWER**
  Depress the A and B BUTTON and don't release it. Doing this will increase your SPIRIT level. Until you release the button, your SPIRIT level will increase.

The Bonus Stage appears at various points in the STORY MODE. In completing the Bonus Stage successfully, your power will increase and you will be taught a new Super Attack. After completing the Ultra-Super Attack screen, you should be able to master a new Super Attack.
BUY-IN PLAY AND CONTINUE

- BUY-IN Play
A player can enter the game at any point in the game. Press the Start Button on the controller not in use and ENTER THE FRAY! (Controllers are sold separately)

- CONTINUE
When the Game Over indication appears on the screen, a number will appear on the screen. This is the number of times you can continue the game. When the counter reaches 0, the game is really OVER. In the story mode, you can continue the game up to 3 times. CONTINUE is not applicable in the 2-Player Mode (VS MODE).

“SPIRIT” GAUGE AND RAZ BUTTONS

After using your SUPER ATTACKS, your “SPIRIT” level will decrease. To restore your “SPIRIT”, press down either the A or B BUTTONS. BUT BE CAREFUL! While restoring your “SPIRIT” power, you are vulnerable to attack. Use this function wisely.
To reduce the “SPIRIT” of your opponent, push the RAZ (D) BUTTON. Pushing this button allows your character to tease the opponent and reduce his energy.

SUCCESSFULLY COMPLETING THE BONUS STAGE WILL INCREASE YOUR SPIRIT AND POWER UP.
